## **Diagnosing Damage of Steering and Suspension** a Technical Presentation by John Shewbridge, Hunter Engineering Company

---

Come learn valuable technical information about vehicle alignment and safety systems as well as how to integrate them more smoothly into your repair facility processes.

Understand better equipment utilization, what to look for in diagnosis and how to categorize the data for documentation purposes.

Handouts will be given to attendees present for the event.

**Wednesday, September 18**

**Hunter Washington DC Regional Training Center**

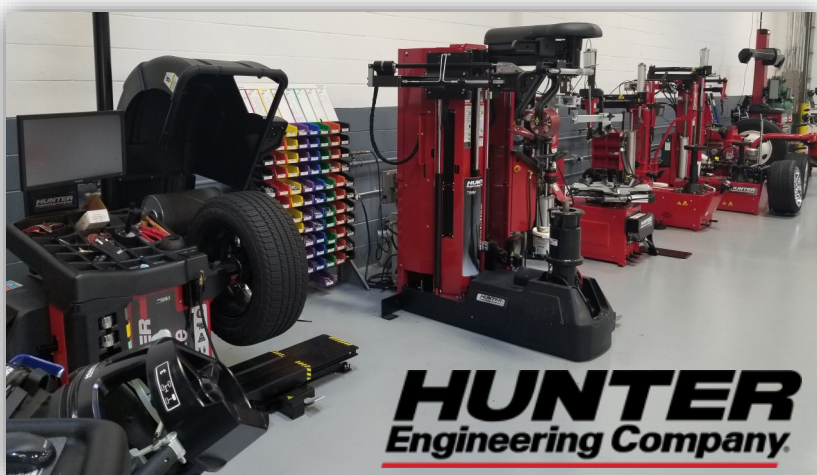

**8955 Henkels Ln., Unit 506**

**Annapolis Junction, MD 20701**

**4:30pm: Reception and Open House**

**5:00pm: Meeting Start**

**Free for WMABA or CABA Members; \$50 for Non-Members**

Co-hosted by
